HELPING STUDENTS CHOOSE A CAREER PATH: ENGAGING STUDENTS IN CAREER EXPLORATION

Christine Harrington
Donna Rogalski
New Jersey Center for Student Success
www.njstudentsuccess.com
Slides available at: www.scholarlyteaching.org

AGENDA

- Current State of Affairs: Career Exploration
- Need for Institutional Action
- Advising and Classroom Strategies
CURRENT STATE OF AFFAIRS: CAREER EXPLORATION

WHAT PERCENTAGE OF STUDENTS ARE COMPLETELY UNDECIDED ABOUT A MAJOR?

17% of Community College Students

That’s almost 1 in 5 entering students!

Bailey, Smith Jaggars, and Jenkins (2015)
WHAT PERCENTAGE OF STUDENTS CHANGE THEIR MAJOR?

Up to 80%

WHY DO STUDENTS CHANGE THEIR MAJOR?

Why?

30% developed new interests

23% dissatisfied with current major

14% current major too difficult

Drysdale, Frost, and McBeath (2015)
ARE STUDENTS ENGAGED IN CAREER EXPLORATION?

Not much, they take a “serial” approach to academics and careers, placing greater importance on assignments and current work.

Greenbank and Hepworth (2008)

WHERE DO STUDENTS GET CAREER INFORMATION?

- Informally from friends and family
- Faculty rather than career counselor

Greenbank, & Hepworth (2008)
WHO INFLUENCES CAREER DECISIONS?

- Parents: 34
- Friends: 19
- Significant Others: 13
- Teachers or Counselors: 11
- Other Relatives: 11
- Others: 12

n = 58 young adults

Phillips, Christopher-Sisk, & Gravino, (2001)

CAREER CONVERSATIONS

Talked about career plans with an instructor or advisor

Students who reported sometimes, often, or very often

- Full-time students
- Part-time students

CCSSE (2015)
CAREER CONVERSATIONS

Talked about career plans with an instructor or advisor
Students who reported sometimes, often, or very often
- Developmental students
- Non-developmental students

CCSSE (2015)

NEED FOR INSTITUTIONAL ACTION
CAREER EXPLORATION

Positive Outcomes

- Improved self-efficacy
- Improved vocational identity
- Career satisfaction

Taveira & Moreno (2003)

INTERVENTION OPTIONS

- Career Counselors
- Advising
- First-Year Seminar
CAREER COUNSELING

Only 8% of students reported using Career Services

Vertsberger and Gati (2015)

ADVISING

- Only 36.5% reported advising was mandatory for all students
- Some Student: Advisor ratios can be up to 1000:2000:1 (average caseload is approximately 300)
- Only 54.1% indicated that professional advisors were assigned advisees
- Average number of professional advisors: 4 per institution

NACADA 2013 Survey
FIRST-YEAR SEMINARS

Although almost 90% of colleges and universities offer a first-year seminar, only 42.5% require it of all students.

Career exploration identified as an objective at only 12.8% of community colleges and 4.2% of 4-year colleges/universities.

Young & Hopp (2014)

TRADITIONAL CAREER EXPLORATION PROCESS

Self-Assessment
Career Information
Taking Action

Parsons (1909)
SELF-ASSESSMENT

EXPLORING INTERESTS IS NOT ENOUGH

Behrens & Nauta (2013)
EXPLORING INTERESTS IS NOT ENOUGH

SDS group:
- Identified more career alternatives

But, NO differences on:
- Career exploration
- Decision making self-efficacy
- Career indecision
- Seeking career counseling

Behrens & Nauta (2013)

ABILITIES AND VALUES MATTER TOO

Welcome to Pathways to Success!

FYS 100

This course is designed to help you explore career options, set meaningful academic and career goals, develop essential skills such as information literacy and critical thinking skills, and engage in academic behaviors and study strategies that will help you meet with success.

Please reach out to me!

You are on the road to success! I am here to support your journey. In addition to getting to know one another during class, we will also have individual meetings outside of class. Please visit me often 😊

Dr. Christine Harrington
charrington@njccc.org

What book and other materials do I need?

Texts:  

Articles and Websites: Several additional resources will be used. These will be posted in the Learning Management System.
What is this course all about?

Learning Outcomes:

You will develop a higher sense of self-efficacy by:

1. Identifying and utilizing strategies and resources that promote academic success, personal growth, and resilience.
2. Demonstrating critical thinking, information literacy, and technological skills.
3. Practicing interpersonal and leadership skills essential in a diverse, global society.
4. Reflecting on values, goals, decisions, and actions in relation to their impact on self and others.
5. Creating academic, career and financial plans.

Course Content Areas

- Career exploration and academic planning
- Purpose and structure of higher education
- Goal setting
- Decision making, critical thinking and information literacy
- Grit and resilience
- Self-reflection
- Study strategies
- Financial literacy

What can I expect to happen during class?

In order to learn, you’ll need to be actively involved and engaged with the course content so you can expect this semester to be filled with lively discussions, activities, and challenging assignments. Because we learn best when engaged with others, you will work with a partner or small group almost every class period.
Important Policy Information

If you need accommodations due to a disability, please reach out to a Disability Service Provider.

To foster a productive learning environment, the College requires that all students adhere to the Code of Student Conduct which is published in the college catalog and on the college’s website.

Academic Integrity Policy: All Students are Expected to Engage in Academically Honest Work

Academic integrity benefits everyone in our community. It not only helps you reach the real goal of this class-learning, but also allows for the college and program to be perceived positively by others. When students are dishonest, they lose out on valuable learning that will help them perform well in their career. It can also negatively impact all of the students in the program and at the institution by creating negative mindsets which may result in fewer outside learning opportunities for students. Academic dishonesty is any attempt by a student to gain academic advantage through dishonest means or to assist another student with gaining an unfair advantage. Academic integrity is important regardless of whether the work is graded or ungraded, group or individual, written or oral. Dishonest acts can result in a failing grade on an assignment, a failing course grade and/or an official code of conduct charge being filed.

Late Work/Missed Exam Policy:

All Students are Expected to Complete Learning Tasks on Schedule

It is important to stay on track with your assignments- not only will this help you feel less stressed but it is also an important skill you will need in your career. Being able to meet deadlines and juggle many tasks is an important career and life skill. Thus, it is expected that you will complete all assignments according to the schedule. If you have a personal situation that prevents you from doing so, please discuss this with me prior to the due date so we can explore options. Assignments can be submitted via MindTap PRIOR to a class if you will be absent.

Available Help and Support:

Successful people access support from others as needed. The college has many supportive services that can help you achieve your goals. I encourage you to reach out to me or other professionals on campus. Here’s some information about the resources available to you:

</table>
| Week 1     |                               | Welcome and Introduction  
            | Purpose and Structure of Higher Education                                                                |
| Week 2     |                               | Goal Setting, Time Management, and Academic Planning  
            | • Chapter 3: Setting Effective Goals and Making the Most of Your Time  
            | • Chapter 7: Making Good Academic, Career, and Financial Decisions                                        |
| Week 3     | Education Map                 | Career Exploration and Networking and Self-Assessment  
            | • Chapter 7: Making Good Academic, Career, and Financial Decisions                                        |
| Week 4     | Career Information and Networking Action Plan Worksheet     | Staying on Track: Studying and Test-Taking Strategies  
            | • Chapter 2: Skills You Need: Memory, Note-Taking, and Studying Techniques  
            | • Chapter 4: It’s Show Time: Papers, Presentations, and Papers                                             |
| Week 5     | Quizzes- Chapters 3, 7, 2, and 4 | Financial Literacy  
            | • Chapter 7: Making Good Academic, Career, and Financial Decisions                                        |
| Week 6     |                               | Decision Making and Critical Thinking  
            | • Chapter 1: College Expectations: Being a Critical Thinker  
            | • Chapter 7: Making Good Academic, Career, and Financial Decisions                                        |
| Week 7     | Academic and Career Project   | Academic and Career Planning and Reflection                                                                 |
| Week 8     | Evaluating Sources Worksheet  | Information Literacy; Teamwork Skills  
            | • Chapter 4: It’s Show Time: Papers, Presentations, and Test                                              |
| Week 9     | Exploring the Research in Summary Worksheet              | Reading and Critical Thinking; Note-Taking Skills  
            | • Chapter 1: College Expectations: Being a Critical Thinker  
            | • Chapter 2: Skills You Need: Memory, Note Taking, and Studying Techniques                                 |
| Week 10    |                               | Reflection, Grit and Resilience  
            | • Chapter 5: Motivation, Resilience, and Stress Management: Strategies for When College and Life Get Challenging  
            | • Chapter 6: How Are You Doing? Maximizing Learning via Self-Reflection                                    |
| Week 11    | Research Paper                | Using Feedback to Improve Learning  
            | • Chapter 6: How Are You Doing? Maximizing Learning via Self-Reflection                                    |
| Week 12    | Quizzes- Chapters 1, 5, 6     | Project and Time Management  
            | • Chapter 3: Setting Effective Goals and Making the Most of Your Time                                       |
| Week 13    | PowerPoint Draft              | Effective Teamwork and Use of Technology/Multi-Media  
            | • Chapter 4: It’s Show Time: Papers, Presentations, and Tests                                              |
| Week 14    | Presentation                 | Presentations on Student Success Research                                                                  |
| Week 15    | Reflection Paper              | Reflection and Action Plans                                                                                 |
Assignments:

**Quizzes and In Class Assignments (10%)**
Successful students are engaged both in and out of the classroom. Because testing helps you learn, you will be take online quizzes (in MindTap) on chapters from the text. To help you maximize learning while reading, you will also have reading assignments. In addition, there will be a variety of in class and out of class assignments that align to the goal and topic of the day. Your active participation and successful completion of these tasks will help you be successful and will count toward your final grade.

**Academic and Career Project (30% Final Project: 5% Career Information and Networking Action Plan Worksheet 5% Educational Map)**
Choosing a career path is a big decision that takes much time and effort. Engaging in the career exploration process will help you make a good decision. Even if you have already decided on a career path, this assignment will help you learn more about the various options that exist within the career of interest. A template will be provided. The final project will be an 8-10-page paper (2-3 pages for each section below):

- **Self-Assessment:** Knowing about yourself is an important part of the career exploration process. After taking self-assessments in class and in MindTap, write a summary paper.
- **Career Information:** Gather information from a variety of sources such as websites, informational interviews, and social media on at least 3 career paths. Complete the **Career Information Worksheets** on each career and will then write a personal reflection summary, addressing how the career paths are or are not aligned to your values and interests. You’ll want to find out the following information on each career:
  - Job description and job tasks
  - Job outlook and Salary
  - Work environment and Opportunities for Advancement
  - Education and other requirements
  - Factors that contribute to success in this field
  - Informational Interview data or information gathered via Social Media/Twitter
  - Must include citation/source and a paragraph explaining why you believe the sources are credible, noting any possible biases or limitations.
- **Career Networking Actions and Reflection:** One of the most important skills to develop when it comes to careers is networking and it is never too soon to start networking. You will develop a **Networking Plan** and then engage in at least 3 networking behaviors (i.e. meeting with a professional in the field, attending a professional meeting, etc.) and then write a summary of your experiences as well as a plan to continue developing your networking skills.
- **Educational and Financial Plan:** Choose one of the career paths and meet with an advisor to develop an educational and financial plan. The written plan should include:
  - Statement about why the selected major is aligned to your chosen career pathway.
  - An Educational Map of courses you need to take and when you plan to take these courses. Indicate how each course counts (general education, major, elective).
  - Transition plan. If you are planning to transfer, identify one or two transfer institutions. If you plan to go directly into the workforce, identify one or two jobs. Describe why these institutions or jobs will help you achieve your goal, noting how courses will transfer.
  - Financial plan. Determine cost of your education and the expected return on investment. Explain how you plan to pay for college. If you are planning to take out a loan, identify a repayment plan.
Research Paper and Presentation Assignment (15% Paper; 15% Presentation; 5% Exploring the Research in Summary Worksheet; 5% PowerPoint Draft):

There are 2 parts of the project: a 3-page paper and a 10-15-minute presentation. For this assignment, you will work with your group members to choose two peer-reviewed research articles on the same student success topic. Once I approve the articles, you will work independently to complete Exploring the Research in Summary Worksheets and write a paper summarizing the research studies. After you receive feedback on the paper, you will work with your group to develop a 10-15-minute presentation on the studies selected. You will need to independently create visually effective and informative slides that highlight how the study was conducted and the main findings (see Mayer’s multi-media principles on page 132). This will serve as your Power Point Draft. You will then work with your group members to combine presentations to create an effective visual aid for your presentation. When presenting, use strategies to highlight important points during the presentation (see tips on page 129). The purpose of this assignment is to help you build skills such as collaboration, communication, critical thinking, and information literacy skills that will serve you well in college and in your career. Note that you will be randomly assigned a part of the presentation to present on the day of the presentation. All group members need to know all of the content—view this as an independent project with a support team.

Paper/Presentation Flow Chart

<table>
<thead>
<tr>
<th>Find research articles - Share with group</th>
</tr>
</thead>
<tbody>
<tr>
<td>Select article (get my approval)</td>
</tr>
<tr>
<td>Independently complete Exploring the Research in Summary worksheets and write a summary of the articles</td>
</tr>
<tr>
<td>Discuss to be sure everyone understands the article</td>
</tr>
<tr>
<td>Independently create Power Point slides</td>
</tr>
<tr>
<td>Share slides and create slides for presentation</td>
</tr>
<tr>
<td>Discuss how to best present the articles and practice!</td>
</tr>
</tbody>
</table>

Include the following information on each study:

- why the topic is important
- purpose of the study
- how the study was conducted (who participated and what did they have to do)
- the main findings or results of the study
- application of these findings (why college students should care and how they can put research into action)
Student Success Course/First-Year Seminar

This Student Success Course/First-Year Seminar resource packet provides course coordinators and instructors with sample assignments aligned to learning outcomes that were developed by course coordinators from across the state. Learning outcomes and assignments were developed to support Guided Pathways work being done at NJ community colleges.

Summative assessments include academic and career planning projects and assignments that will assist students in developing effective study and learning strategies. Each summative assignment has formative assignments that will help students meet with success on the final product.

**Course Learning Outcomes:**
You will develop a higher sense of self-efficacy by:

1. Identifying and utilizing strategies and resources that promote academic success, personal growth, and resilience.
2. Demonstrating critical thinking, information literacy, and technological skills.
3. Practicing interpersonal and leadership skills essential in a diverse, global society.
4. Reflecting on values, goals, decisions, and actions in relation to their impact on self and others.
5. Creating academic, career and financial plans.

**Summative Assignment: Academic and Career Planning Project**
